

Small Breakpoints

Agents will now be able to resize the desk to fit within a small amount of screen space. This should help agents fit Desk alongside their other tools on-screen.

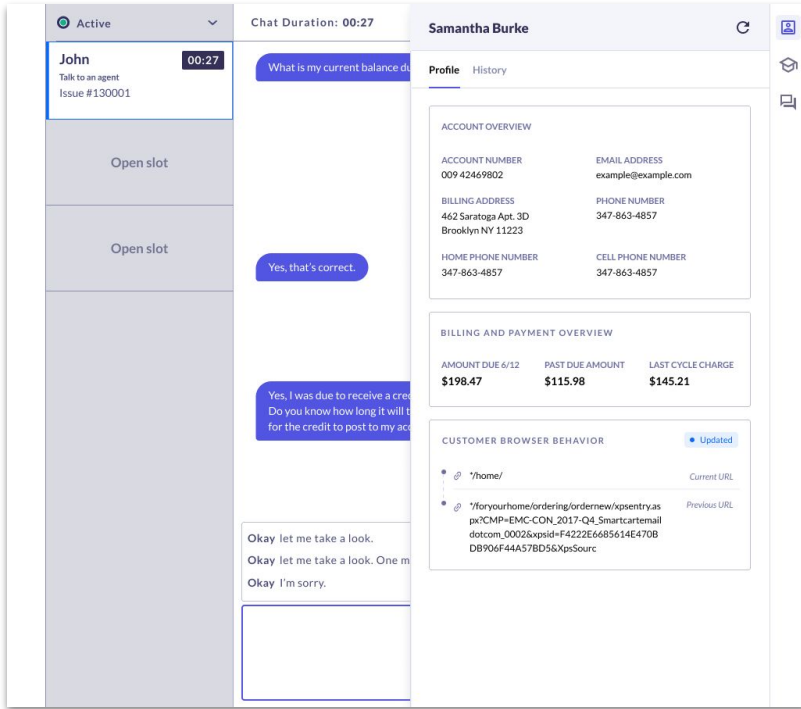

At small Desk sizes, The right-hand panel will overlap the center panel and can be opened and closed easily, improving readability.

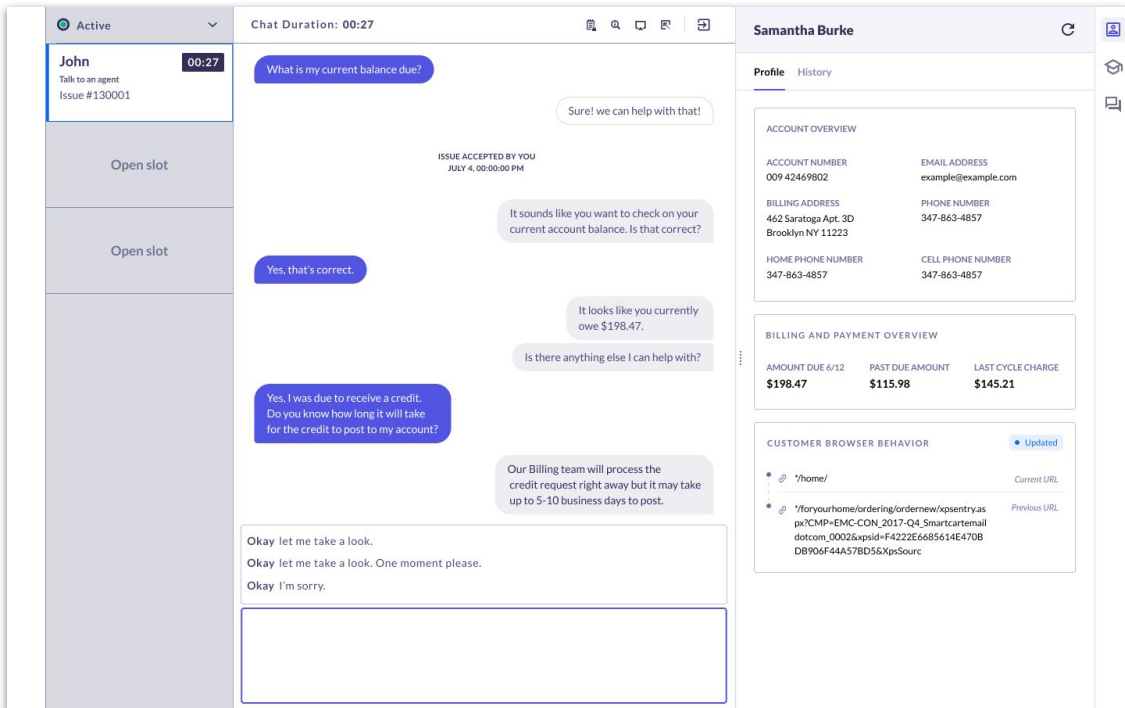

Smallest breakpoint (760 px); Right-hand panel expanded

Smallest breakpoint (760 px); Right-hand panel collapsed

Medium breakpoint (1024 px); right-hand panel overlapping center panel

Largest breakpoint (1440 px); all panels fully expanded
